PROFESSIONAL SUMMARY

MERN Stack Developer and HR Professional with 8+ years in HR/recruiting coordination and logistics plus recent hands-on experience building and deploying full-stack applications. Graduate of Per Scholas Software Engineering Bootcamp with projects in React, Node.js, MongoDB, and Express. Adept at bridging technical and people-focused skills to deliver human-centered, scalable solutions. Skilled in stakeholder communication, onboarding workflows, and technical problem-solving, now seeking to apply combined technical expertise and operations experience in a MERN development role.

EDUCATION

Per Scholas – Software Engineering Bootcamp | Jan 2025

Howard Payne University – B.S. Computer Information Systems | Dec 2006

TECHNICAL SKILLS

- **Front-End:** HTML5, Modern CSS (Flexbox, Grid), JavaScript (ES6+), React, TypeScript, Bootstrap
- **Frameworks & Libraries:** Node.js, Express.js, MongoDB, Web Components (learning), Storybook (basic)
- **Tools & Practices:** Git, GitHub, VS Code, npm, CI/CD (GitHub Actions), Automated Testing (unit/E2E – learning)
- **Accessibility & Performance:** WCAG 2.1 AA awareness, Progressive Enhancement, responsive design, cross-browser optimization
- **Systems & Data:** Linux, troubleshooting, networking, SQL, Power BI, Microsoft Excel

PROJECTS

Reseller Dashboard (MERN Stack) – GitHub: github.com/analyticadam

- Designed a reseller dashboard application using MongoDB, Express, React, and Node.js.
- Implemented inventory tracking, CRUD functionality, and responsive design.
- Applied UX principles to improve usability and engagement.
- Built components with semantic HTML and accessible patterns; focused on performance and progressive enhancement.

Portfolio Projects – Per Scholas Software Engineering Bootcamp

- Built full-stack apps demonstrating CRUD operations, API integration, and responsive UI.
- Collaborated in Agile team sprints, using GitHub for version control and Jira/Trello for task tracking.

COMMUNITY & LEARNING

- Exploring AI tools for front-end productivity (tests, refactoring prompts, doc generation).
- Active in developer communities and learning initiatives like CareerVillage AI Lab.

PROFESSIONAL EXPERIENCE

CareerVillage.org – Remote | Aug 2025 – Present

AI Innovation Lab Cohort Member

- Selected to join a national cohort providing insight for AI-powered career coaching tools.
- Collaborated with a cross-functional team to improve user experience and product feedback.

BigThriftig / Hyperdrive Flips – Remote | Jul 2025 – Present

Founder, Virtual eBay Listing & Optimization Service

- Launched a side business offering eBay listing optimization and UX-based sales templates.
- Applied front-end coding (HTML, CSS, JS) to design responsive templates improving sales visibility.
- Created client systems for inventory, pricing, and communication with Trello and Notion.

SLB (formerly Schlumberger) – Midland & Sugar Land, TX | Mar 2012 – Jun 2024

Recruiting Coordinator & Operations Support (multiple roles)

- Coordinated onboarding for high-volume hires across North America, including safety training (NEST).
- Designed SharePoint workflows to standardize training enrollment, reducing team errors.
- Tracked hiring data, built HR reports, and ensured compliance.
- Audited financial/logistics data (SOX compliance) and reconciled material systems.
- Coordinated logistics operations for equipment and materials, improving accuracy and cost savings.

Randstad Professionals US LLC – Rosenberg, TX | Jul 2021 – Dec 2021

Recruiting Coordinator

- Supported Ford Motor Group recruiting, generating offer letters for 200+ candidates.
- Managed ATS (BrassRing) and streamlined onboarding documentation.

Equiliem Staffing Agency (Contractor for SLB) – Sugar Land, TX | Dec 2021 – Jun 2022

Recruiting Coordinator

- Coordinated pre-employment activities and onboarding logistics.
